IN CONNECTION WITH
MILWAUKEE & MISSISSIPPI R. R.

SHIPPERS OF FREIGHT and the Merchants of the Upper Mississippi River are notified that merchandize for the various Landings marked to the care of the Milwaukee & Mississippi Rail Road at Prairie du Chien, will be received there on the Levee by the undersigned for shipment at Tariff Rates:—

One of which new and powerful side wheel boats leaves the Prairie every day at 8 o'clock for St. Paul, arriving there the next day at 10 o'clock A. M.

It is the object of both the Road and the Boats to prevent all unnecessary charges, and as goods are transferred by the Rail Road Company directly from the cars to the Levee, without any expense to the consignee, no commissions whatever will be permitted to be charged.

Merchants will bear this in mind in making their shipments, and as it is the intention of every one connected with this Route to make it a popular one, no delay will take place in sending freights forward.

The Republican State Convention.

The importance of a general attendance of the people at the district meetings, to choose delegates to the coming Convention, in order that good men may be sent to Madison to nominate a State ticket, will be the better appreciated if it is considered that we are to look to a successful result this fall as consolidating and placing on a permanent basis the Republican Party in Wisconsin. We have elected, two years ago, a Governor, and probably the remainder of the ticket if we had had fair play, but the figures were close. Last fall we elected all three Congressmen by handsome majorities, and gave the Republican Electoral ticket a large majority. Last spring, at the Judicial election, though Chief Justice Whiton was not strictly a party candidate, yet the lines were sufficiently drawn to show that the Republican strength had not diminished. Now, we have to elect our whole State ticket by decided majorities, and thus place beyond cavil the position of Wisconsin.

Our enemy is active, unscrupulous, and bitter in his hatred of the party of Freedom, and no stone will be left unturned to check the progress of Republicanism. Of this we may be well assured. Our only safety is in putting in nomination men of abundant qualifications, of known integrity, faithful to principle; and with such men on our ticket, we must be thoroughly organized, and look for, and bend ourselves to, an active canvass.

Wisconsin, in a full vote, is good for 13,000 to 15,000 majority for the Republican ticket, but majorities are not made by people who stay at home. The only safe way for our party to retain and perfect its success in rescuing Wisconsin from the grasp of Barstowism and Border Ruffian Democracy, is for each man to act for the right, upon his own responsibility, as if the result depended upon his individual action, and as if there would be no stay-at-homes in the opposing party.

Banking Securities.

We publish to-day a very interesting table to financial men, being the semi-annual Report of Bank Comptroller DENNIS, showing the particular securities of each Bank in this State, deposited with the Comptroller.

It shows that the aggregate amount of securities at the date of the report, was $3,517,752.—In addition to this, in the hands of the Comptroller, the banks reported specie on hand to the amount of $550,488. The aggregate circulation was $2,929,360.

The statement is a very favorable one for billholders, and Mr. Dennis' administration of his department is such that they may feel entirely safe.

☞ We shall be most happy to co-operate with all those citizens of our State who stand substantially on the platform of the National Convention at Philadelphia, June 16, 1856, as we did co-operate last Fall on that platform with many who had formerly been classed as "Americans." We do not ask whether the man who is right to-day was right yesterday or not. And there are certain objects for which "Americans" have generally contended in regard to which we entirely concur with them.

The *American* copies the above from the N. Y. *Tribune*, and adds:

Substantially we have here the acquiescence of a Republican organ in "certain objects for which Americans contend and in regard to which the *Tribune* entirely concurs." Will not the *Sentinel now* allow that the Republicans are getting K. N. aid?

Let the *American*, if it dare, copy from the same article in the *Tribune* what that paper says of its *disagreement* with the K. N.s, and what the "certain objects" are in which the *Tribune* concurs with the K. N's. When the *American* rises to that degree of fairness, we may have something further to say.

The telegraph reports great Democratic gains in St. Louis upon the mayoralty election of last Spring.—*News*.

The telegraph did no such thing. It set down Rollins' majority at about 1500, against Wimer's majority of 1700 for Mayor last spring, but stated that the *vote* was very much reduced. It may well be that the "Democrats" have lost largely, instead of gained.

WALKER SATIRIZED BY SHANNON!—The absurd movement of Gov. Walker upon Lawrence has made him the ridicule of even ex-Gov. Shannon. A Kansas correspondent writes:—"Nobody seems half so well pleased with Walker's revival of war, insurrection and treason, as ex-Governor Shannon, who resides as a lawyer at Lecompton. He declared himself entirely eclipsed, and said there was no point in his administration so brilliant as Walker's marching an army against Lawrence to tell them that if they proceeded to commit treason they would be traitors!"

"OMRO REPUBLICAN."—This is the name of a handsome six column sheet just issued at the smart village of Omro, Winnebago County, by Messrs. WHEELER & WALKER. It is full of interesting matter, has the true ring of the Republican metal, and bids fair for success.

MCGREGOR RAILROAD.—At a meeting held at St. Charles, Iowa, a few days since, at which Mr. CLINTON explained the intentions and wishes of the McGregor and St. Peters R. R. Co., the sum of $9,000 cash stock was subscribed in fifteen minutes, in addition to the large amounts previously subscribed.

A CALL FOR RETRACTION.—The Marquette *Express* wishes to be drawn back out of the list of Democratic papers made up by the Portage City *Record*, which we copied some days since. The *Express* is independent.

CONTRACT FOR STAMPED ENVELOPES.—The new contract with Mr. Nesbitt for stamped envelopes secures a better article for less money. Note size $1,50 per thousand; letter size $1,50. Under the old contract, note size were $1,50 per thousand, and letter size $1,75. It is estimated the Department will want 400,000 note size, and 9,000,000 letter size each quarter.

A VALUABLE PRESENT TO YALE COLLEGE.—All the valuable Geological Drawings belonging to the late Dr. Mantell, the distinguished English Geologist, have just been presented to Yale College by his son. Dr. Mantell died in 1852, at the age of 62 years. He was the author of several Geological works, well known in this country, and the gift of his drawings to an American institution, is a compliment worthy of note.

MEXICAN ARMY AND NAVY.—The regular army of the Mexican Republic, consists of ten battalions of infantry, six squadrons of cavalry, and several light divisions. This is exclusive of the volunteer companies and militia of the several States. The navy has only nine or ten vessels, mounting in all from thirty-five to forty guns.

THE SMITH FAMILY.—In England and Wales every year, 5,258 Smiths are born, 4,044 Smiths die, and 3,005 Smiths determined to preserve the Smith family from extinction, do marry.

INDIAN TRIBE BECOME CITIZENS.—An interesting incident occurred on the 30th in the office of Indian Affairs. A treaty was concluded and signed by the Commissioner and a delegation of Ottawas from Kansas, by which this band of Indians surrendered their tribal character and became citizens of the United States. The delegates appeared highly delighted after the treaty was signed, and enjoyed the prospect of becoming fellow citizens. After a ratification by the Senate they surrender their reservation—seventy four thousand acres—only to have it again patented to them individually. They also release the United States from all annuities and other claims, and receive in lieu thereof sixty six thousand dollars, in two equal instalments, the first instalment payable on the ratification of the treaty, and the second one year thereafter.

MILK FOR NEW YORK.—The N. Y. *Mirror* says that the New Jersey Railroad Company brings every day from Somerset, Middlesex and Essex Counties about 500 cans containing 40 quarts each, and the Erie Railroad brings each about 2,200 cans holding 40 quarts—making in the aggregate 90,000 quarts of milk brought to Jersey City per diem. Of course a very large proportion goes to New York. The Erie milk trains bring the milk from Orange and Rockland Counties, and arrive at about 12 o'clock at night, when the New York milk carts are ready to receive their supplies to be served out in time for breakfast in the morning. The freight amounts to $700 per night—it is paid at the depot when the milk is delivered.

TRIAL OF FIRE-ARMS.—A board of army officers is to assemble at West Point, for the purpose of making trials of breech-loading rifles, with a view to ascertain which arm of this description is best suited to the military service. The trials will commence on the 17th of August. All persons intending to offer arms for trial, are requested to notify the Colonel of Ordnance, in giving a general description of the arm each may intend to present, and specifying the weight, calibre, and length of barrel. Cartridges or other ammunition suitable, should be brought with it.

GOLD FROM CALIFORNIA.—The total export of gold from San Francisco for the first half of 1857, amounted to $22,742,589—showing a decrease of $172,822, as compared with the first half of 1855. The tonnage returns also show a falling off, while the freight charges show a decrease of more than a million dollars. The net gain of population during the past six months has been only 4,295, more than one half of which is made up of Chinamen.

A HEAVY BET SETTLED.—Wall street gambling is no insignificant affair. The New York *Times* speaks of a private sale of some 6000 to 6000 shares of Michigan Southern R. R. stock from Bull to Bear, in settlement upon which Bear paid $70,000 in difference!

CUSTOM HOUSE BADGE.—The inspectors, weighers, and watchmen of the U. S. Custom House, have recently put on badges, somewhat resembling those worn by the policemen.

The Latest Border Ruffian Iniquity.

The pure Walker-Democratic Legislature, now in session in Kansas, elected by less than 2000 votes, has pursued, it seems, the natural course of the various border ruffian gatherings which have in turn made laws for Kansas. Its apportionment of delegates for the fall elections is just published, and shows that it is intended to disfranchise still the vast majority of the free State men. A correspondent of the Chicago *Tribune* details the plan of the apportionment as follows:

To understand the full, sweeping iniquity of this apportionment, it is only necessary to notice that out of the whole number of Representatives, (39) fourteen counties have thirty-six, and nineteen counties three; and that these nineteen counties, with only one-twelfth of the representation, embraces the whole Territory south of the Kaw River, except five counties; and still further that two-thirds of the Free State emigration of the present season have gone into the disfranchised region. In this territory are the flourishing Free State towns of Wabaunsa, Ogden, Kansas Falls, Emporia, Ottawa, Hampden, Neosho City, Leroy, Hyatt, Oread, Potawatomie, Burlington, Mapleton, Ohio City, Centropolis, and I know not how many more new settlements, which are lumped into a representation a little more than one-half that of the single county of Doniphan, while containing six times the population. But that is not all. Shawnee and Marshall counties are entitled, under this arrangement, to one representative each. Shawnee county contains the towns of Topeka, Tecumseh, Washington, Big Springs, Browsville, Burlingan, Carbondale and Heberling's, and is closely settled throughout. Marshall county is up in the Northwest corner of the Territory, and contains only the Marysville station on the Fort Laramie road and a half starved fragment of Buford's thieves who recently murdered and plundered a detachment of Sumner's Cheyenne Expedition. The entire county does not contain two hundred inhabitants. Calhoun county, two-thirds of which is in the Pattawatomie Reserve, and the other third just opened for settlement by the Delaware Land Sales, is on a par with Shawnee and entitled to another representative; and Linn and Lykins counties, in the South east, on the Missouri border, and in convenient proximity to Little Santa Fe and West Point, from which Reid's army proceeded to the devastation of Osawatomie last summer—these convenient counties are entitled to two representatives each. To sum up the fraud in a grand total of "National Democratic" swindling, five counties on the Missouri border, Doniphan, Atchison, Leavenworth, Lykins and Linn *control both branches of the Legislature*.

Perhaps the innocent readers of the Chicago *Tribune* imagine that we have now reached the end of this chapter in Kansas history. Not so. The Free State men could easily carry the five counties designated above, and the whole balance of the Territory, but border sagacity again interposes and CUTS OFF THE ENTIRE EMIGRATION OF 1857. The free State men will undertake to settle the business of Leavenworth county as against its entire pro-slavery population assisted by any number of adventurous gentlemen whom Platte Co. may contribute to the transient population. This is perfectly well known. The Free State men now have a majority in every county in the Territory (except, perhaps, Marshall, as above mentioned) Iowa Point, Elwood, Geary City, Doniphan, Atchison, Sumner, Leavenworth, Delaware, Quindaro and Wyandotte, all river towns, are in the possession of the Free State men by greater or less majorities, but under the ruling of the bogus authorities, more than two-thirds of their aggregate population are prevented from having any voice in the election of the next Territorial Legislature. Finally, as a proper cap stone to this symmetrical structure, bogus judges of election are to preside over the force of voting, assisted by a limited number of Federal bayonets in each precinct *to secure the purity of the ballot box*.

I leave the business of commenting on this aggregation of barefaced scoundrelism, to those whose rights some people are bound to respect.
W. C.

STAVES FROM MICHIGAN.—The stave trade of Michigan is getting to be an important branch of business. The Detroit *Advertiser* says:

White oak staves, manufactured for the West India market, are becoming quite an article of export from this place. The Detroit and Milwaukee Railway has brought into the city, during the months of June and July, from various points along the line, 152 car loads, averaging, say, 2,500 staves each, which would make 380,000 staves. About 230,000 of these were for Messrs. Fowler & Merrick, of this city, and the remainder for other parties. Most of them are shipped to Montreal, where they change hands, and are thence shipped to Liverpool, where they again go into market, and after being sold there, they find their way to the West Indies.

THE WHEAT HARVEST.—We wish our eastern friends, who are sceptical in regard to the extraordinary yield of wheat in this section, could look at some of the fields that are now being harvested.

Mr. Chickering tells us he has harvested one field of ten acres of winter wheat, and his neighbors have assured him it will yield 40 bushels per acre. We never saw so fine wheat anywhere else in the world as is raised here. The growth of straw is very heavy this year, and the heads large and completely filled. Farmers' countenances look as pleasant as their own waving crops. Cradles and reapers are now hard at work, and the quantity of wheat harvested this year will be a large increase on any previous one. Other crops are looking well, but would be improved by rain.—*Prescott Transcript*.

The Air Line Grand Haven Route.

The Directors of the Great Western R. R. Co., of Canada, have recently issued a circular to their London stockholders, a part of which we copy below, as exhibiting a just appreciation of the air-line route to the opening of which we, in this State, are looking with great interest:

The Directors of the Great Western Railway have felt it incumbent upon them to use exertions to obtain that amount of traffic upon our line to which its geographical position fairly entitles it in a commercial point of view, and which it at present diverted from it, first at Chicago and afterwards at Detroit; and also to provide additional access by rail to its Western Terminus, with a view of affording means of transport equivalent to the progressive growth and increasing business of the Western Territory of America; and the most effectual method of accomplishing this is to remove the point of centralization of through traffic from Chicago to Milwaukee or Racine. It was early foreseen that if a line of railway was constructed across the State of Michigan to a point opposite the city of Milwaukee, it would intercept a large portion of the traffic from the States of Wisconsin, Iowa and Minnesota, and Upper Mississippi river, before the traffic reached Chicago, and while this line would obviate the competition for its conveyance from that city to New York, it would also tend to develop altogether a new traffic, because it would afford a route more than 100 miles shorter than by Chicago, and 372 miles shorter than by the circuitous navigation of Lakes Michigan and Huron from Milwaukee to Detroit.

This Northern Michigan line has accordingly been laid out and is now under contract for final completion, by Mr. Wythes, the English contractor, under the title of the Detroit and Milwaukee Railway.

The interest felt by the Directors of the Great Western Railway in this line being speedily brought into operation, will be readily understood, and with a view of completing this new tributary, the Directors of the Great Western Railway, in August last, recommended their Shareholders to take up a sufficient amount of first mortgage, 7 per cent bonds of the Detroit & Milwaukee Railway as would ensure the completion of that line, and this object was accomplished by the amount then offered of $240,000 having been taken up.

Not, however, venturing upon such a step upon the simple representation of persons interested, the Board instructed Mr. Brydges, the Managing Director of the Great Western Railway, to examine not only into the character of the country through which it passed, and into the prospects of traffic both local and through, and the benefits likely to result to the Great Western Railway, as well as to the proprietors of the Detroit & Milwaukee Railway.

In accordance with these instructions, Mr. Brydges made a full report to the Board, in which he states that he was allowed full access to all plans, estimates and documents necessary for him to judge of the cost of the line, and proceeded himself to Madison, the capital of Wisconsin. The cost of the line he estimates at about £6,500 per mile for 185 miles, or £1,200,000, and for this amount the line will be completed under the contract before mentioned, about one half being raised by shares and half by First Mortgage Bonds. Mr. Brydges report enters fully into the subject submitted to his opinion, and concludes as follows:

"From the foregoing facts, it is beyond question that the Detroit & Milwaukee Railway must be a profitable undertaking. It passes through a section of very fine country, which will yield a larger local traffic than is at present carried by the Michigan Central Railway; and if added to that a through passenger traffic of two hundred a day for nine months in the year (although the crossing from Milwaukee to Grand Haven will probably hardly ever be interrupted) there is the certainty of a very handsome dividend upon the cost of the line.

I feel satisfied from the result of my investigation and inquiries, that the traffic they will bring will be as great as we are now receiving from the Michigan Central Railway, and I cannot, therefore, too strongly urge upon your attention the importance of promoting the early completion of the Detroit and Milwaukee Railway, and in connection therewith, the finishing of our line to Sarnia, to meet that which parties are prepared to carry on from Port Huron to Owasso. This policy will secure to the Great Western Railway almost a monopoly of the traffic of Northern Michigan and Wisconsin, the growth of which States is so rapid as to seem almost fabulous, and without any way affecting the business derived from the Michigan Central Railway, and the districts in Illinois and Iowa, which are tributary to that line.

In confirmation of the views of Mr. Brydges as to the traffic which will centre at Milwaukee, it is only necessary to refer to the annexed map. The following lines of railway are either completed or in a forward state of advancement, amounting to an aggregate of over 1,500 miles:

Lake Shore Railway from Chicago to Milwaukee.

Milwaukee and Mississippi to Prairie du Chien.

La Crosse and Milwaukee, with an extension to St. Paul.

Milwaukee and Watertown.
Milwaukee and Fond du Lac.
Milwaukee and Lake Superior.
Milwaukee and Horicon.
Beloit and Milwaukee.

Also Railways connecting with the foregoing and terminating at Racine and Kenosha, on Lake Michigan.

The reports received by the Directors of the Great Western Railway, respecting the progress of the works of the Detroit and Milwaukee Railway, are satisfactory. The line is opened and earning traffic to Owasso, 78 miles from Detroit; the rails are laid, and the line ballasted to Ionia, 47 miles further, which section is expected to be opened immediately, and in August a further portion of 70 miles to Ada will be reached; and the heavy work is done, and the line nearly ready for the rail, on the remaining section to Grand Haven, to complete the total length of 185 miles, the iron being already at New York, on its way to Grand Haven.

A School Teacher Cut to Pieces in Texas.

GREENVILLE, Hunt Co., Texas, July 6.

A terrible affair took place about eight miles east of this place, on the 3d inst., between a school teacher of the name of Moore, and a man by the name of Jesse Howard and his four sons. Moore undertook to chastise Howard's son, about twelve years old, for writing indecent language in a young lady's copy-book. He had struck the boy but four or five blows with a switch when the boy's brothers came into the school house with clubs, and one of them struck the teacher with a heavy club on the forehead and felled him to the floor. The other struck the teacher several times while down, but the teacher recovered himself and got out his pocket knife and drove them out of the house. But at this juncture the old man, two other sons, and two sons-in-law arrived, and the old man rushed into the house with a large dirk pocket knife.

Moore begged Howard to spare his life, telling him he was then nearly dead. At this time Moore had a severe contusion on the forehead, and was covered with blood. But Howard, disregarding his entreaties, rushed upon him and plunged his long knife into him twice on his right side, both of which wounds entered the cavity. Moore broke from him, when Howard cut him on the right shoulder, making a frightful gash four inches long and to the bone. With all his wounds, Moore broke from the house and ran twenty rods. The boys outside threw clubs at him as he ran, one or two of which hit him.

Moore was a young man, of slight make, and in poor health, who had lately come to this State. He was a man of unexceptionable character, and a successful teacher. He will probably die of his wounds, a victim of revenge so low and despicable that humanity blushes at the recital. The antecedents of Howard and his family are in keeping with this act, having been frequently engaged in brutal assaults upon their neighbors; and the family are reported to be guilty of every mean act.

Moore had had a difficulty with the same child before, and had requested Howard to take him out of the school. The old woman replied she meant to send the boy to devil him, and that if Moore whipped him, she would make Howard cut his d——d heart out. It is generally supposed that the boy was urged to provoke Moore to chastise him, and no doubt they expected it that morning, for they all arrived at the school house in a few moments after Moore commenced to whip the boy, and the two eldest brothers were secreted close to the house, for they got to the door before Moore had struck the boy six blows. The Howard's lived half a mile from the school house. Such are some of the facts of this horrible affair, as appears from the evidence on examination.

The old man's bail bond was fixed at $1,600, the oldest son's at $2,000, and the other three sons' at $250 each. But they have not yet, and probably cannot give bail. The public feeling is against them, which induces me to hope that they will get their deserts.

PAINESVILLE, Aug. 4th.—Large fire in this village this morning, about four o'clock, commencing in an alley, and extending to Main street, burning everything on the South side of Main street, between St. Clair and State streets. Loss, $75,000 to $100,000—about half covered by insurance.

NEW ORLEANS, August 3.—The French war steamer Tonnerre, from Vera Cruz to Havana, put into Quarantine here with yellow fever on board. Deaths last week in the city 108; no fever.

The Missouri River Trade.

ST. LOUIS, Aug. 1.

A statement of the Missouri River trade in the Republican this morning enumerates twenty-three regular boats engaged, with an aggregate tonnage of twenty-nine thousand three hundred tons, valued at $1,269,000. This does not include some seven-eights transient boats which have been engaged on the river nearly all the season. About a dozen boats are now building here which will enter the trade during the coming fall.

CITY MATTERS.

POLICE COURT, AUGUST 5.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Michael Collins, drunk and disorderly, fined $2.

Elwin Gabriel, got so drunk that he made a slight mistake with regard to the location of his house. He attempted to go into another man's house, and was so indignant when informed of his error, that it became necessary to have a policeman take him under his care. His face was somewhat disfigured by constant and violent collisions with the sidewalk. He was fined $3, this being his first offence.

Mary Peacock, a poor emaciated old woman, was picked up on Huron street, Tuesday night, drunk, and quite unable to move. She said she was going to the bank, but the officers thought the Station House a more proper place for her at that hour of the night. Justice Walworth discharged her, placing an execution for her arrest in the hands of an officer, in case she were again found drunk within 10 days.

SAILORS IN TROUBLE.—Four sailors named P. Gordon, John Wright, Andrew Melrose and Robert Adair, were brought up on a charge of being disorderly and fined $2 each. They had just arrived Tuesday evening after having been several weeks on the lakes, and they felt rather bad at having to spend their first night on shore in the "lock up."

A WANTON ASSAULT.—A young man named Lewis Hazelton, in company with another rascal like himself, attacked a man on Chestnut street, about 11 o'clock at night, who was on his way home, and quite unceremoniously commenced thrashing him. Some persons in the vicinity were aroused by the noise, when Hazelton was arrested, and the other made off. He was sent up for 20 days in default of fine.

SELLING LIQUOR WITHOUT LICENSE.—A man named Justus Caper was fined $25 for violating the license ordinance.

THE COLLINS CASE.—The case in which Collins and his wife were charged with assault with intent to kill policeman Collins, was examined yesterday, and sent up for trial before the Grand Jury. The defendants recognized in $1500 bail for their appearance.

Miss Greenfield—the "Black Swan."

We had the pleasure, yesterday, of greeting our old friend Mr. SEAVER, formerly proprietor of the *Commercial Advertiser*, of this city. Mr. SEAVER left, and finds on his return, hosts of warm friends in Milwaukee.

He informs us that Miss GREENFIELD—celebrated as the BLACK SWAN, expects to give a Concert in this City, at the Albany Hall, on Monday evening of next week. Mr. Seaver has a soul for music himself, and will be remembered as one of the best amateur singers we ever had in Milwaukee, and we have from him the assurance that Miss Greenfield's very remarkable vocal powers are even improved beyond what they were at the time of her former visit to Milwaukee. This alone should call out a host of the lovers of good music to hear her. To those who have never heard her, we may state that the "Black Swan" seeks for no comparative position as a vocalist, and asks no allowances to be made for her color or supposed disadvantages. She was born a slave in Mississippi, was manumitted, adopted, and carefully educated, was sent to England, and perfected her musical education under Sir GEORGE SMART, the teacher to the Queen's family, and the wonderful powers of her voice developed by thorough training. Her voice lacks but three or four notes of ranging *four octaves*, and its work is equally perfect in the deepest baritone, and the highest keys.

She has recently been singing, before very large audiences, in Montreal and other Canadian and American cities.

The Badger Iron Works

We invite attention to the advertisement of Messrs. MENZEL, CUMMINGS & GOODRICH, proprietors of these works, which may be seen in our advertising columns this morning. The Badger Iron Works are situated between Main and Milwaukee streets, occupying the whole block fronting on Chicago street and 120 feet on Main, and the same on Milwaukee street. They have four large workshops, all connected with the manufacture of steam engines, boilers and machinery for saw and grist mills, which give constant employment to more than sixty mechanics. The blacksmith's shop fronts on Main Street, and directly in the rear is the machinery and furnishing shop, and on Milwaukee Street the Foundry and sheet iron shops are situated, and the boiler manufactory. Between these is the pattern shop, quite a large building in itself, making in all one of the most extensive establishments in the Northwest. Dropping in there yesterday we were shown some handsome specimens of steam engines, which were in process of construction. Their facilities for manufacturing these are not surpassed by any establishment in the State, and the engines from their manufactory have gained an excellent reputation throughout the whole country. They get them up from five, to one hundred horse power, or larger if required, which for economy and durability are not to be beaten.

In addition to their usual business they are now manufacturing a new patent circular saw, which is coming into very extensive use.

Messrs. MENZEL, CUMMINGS & GOODRICH are obliging gentlemen, enterprising business men, and in every way worthy of the success which they are enjoying.

FOOLED BADLY.—A country produce merchant, governed by that reliable commercial paper, the *Sentinel*, purchased on Monday afternoon a large lot of new potatoes, a splendid sample, just dug, at 1,62½ cents per bushel, being governed by the *Sentinel* that has quoted new potatoes for several days past at 2,50a2,75. On arriving in town he was glad to sell at a dollar, losing fully the price of his subscription to the reliable commercial record of the *Sentinel*. Another gentleman, however, was a gainer to a considerable extent, having bought hides upon the *Sentinel's* quotations, and finding when he arrived in this city that the market was far above the figures of the *Sentinel*.—*News*.

We are obliged to the *News* for calling our attention to the above matter, (which may possibly have some foundation,) although it is done in a snarling way. We quoted new potatoes at *retail*, having had the pleasure of paying that price, and are very glad to be able to quote them lower now. Our quotations for old potatoes as well as for hides and other articles, are obtained daily from one of the leading produce firms, and it is very seldom that an oversight occurs, though such errors will happen sometimes.

"ANOTHER SMALL BUSINESS."—This is the very appropriate title of an article in the *News*, in which the author endeavors to make a great ado over a brief paragraph in the *Sentinel* the other day, jokingly contrasting the *appearance* of Uncle Sam's troops, which passed through our city the other day, with that of our citizen soldiery, and the patriotic *News*, having the great responsibility upon it of upholding the honor of the nation, thereupon rolls up its eyes in horror at our audacity, cowardice, inhumanity, and all that sort of thing. The thing is too absurd for farther notice, and we have done with it.

NEW BRICK DWELLINGS ON MICHIGAN STREET.—Messrs. F. Treneamp & Co. are just finishing two neat brick dwellings on Michigan, near the corner of Cass street. In a lot in the rear of these houses they have nearly completed another large brick building, in which they will carry on the manufacture of lard oil and stearine candles.

Michigan street is fast being filled up with private dwellings, and in consideration of this fact, Messrs. F. & Co. have removed their manufacturing establishment back from the street, and erected their dwelling houses in its place.

ARRESTED FOR PASSING COUNTERFEIT MONEY.—A young man named Seth W. Jones, was arrested yesterday for passing a counterfeit five dollar bill in the Third Ward.—He went into an eating house, and procured eatables and drinkables to the amount of 50 cents, and offered this bill in payment. The man who keeps the house told him that it was a counterfeit, and that it was good for nothing.—Jones said he had just got it at the Bank, that he knew it was good, and that he had no other money. The owner of the saloon then steped out and called a policeman and had the fellow arrested. On examining him at the station house, he was found to have nearly a dollar in change.

Eighth Ward Public Meeting.

At a meeting of the citizens of the 5th and 8th Wards Tuesday evening, at Menomonee Saloon, EUCLID WERDEN was called to the chair, and J. M. WARREN was appointed secretary.

On motion a committee of five were appointed to draft resolutions expressive of the sense of the meeting, upon the subject of the adoption of the Mineral street line by the Beloit and Milwaukee R. R. Co. The Chair appointed J. G. Trantlage, H. C. Heidermann, Fred Cassen and Fred Vogle as such committee.

John Rosebeck, James Douglas, H. Millman, G. Hanoy and Mr. Rogers addressed the meeting.

The committee reported the following resolutions, which were unanimously adopted:—

Whereas, It has been decided by the Circuit Court of this Circuit, that the Beloit Railroad Company has no right to take the public streets, alleys, or square; and,

Whereas, It is well known that the locating of the same Road on Mineral street, has, and will depreciate the value of a great amount of improved property, in the Fifth and Eighth Wards; therefore

Resolved, by this meeting, citizens and freeholders of the Fifth and Eighth Wards, that the Aldermen of the Fifth and Eighth Wards are hereby instructed, and the Common Council petitioned, to prevent by all legal means, the Beloit, or any other Railroad Company from taking possession of said street or public square.

On motion, the proceeding were ordered published in all the daily papers of the city.

On motion, adjourned.

E. WERDEN, Chairman.

J. M. WARREN, Sec'y.

A STREET FIGHT.—Policeman Gruber, arrested about half a dozen men and boys yesterday, in the Ninth Ward, for fighting on the street. Stones, clubs and brick bats were freely used, and they were in a fair way of doing mischief, when the policeman put an end to their fun by arresting the whole crowd, unassisted. We did not learn how the row originated. They will all be tried this morning in the Police Court.

ANOTHER MILITARY COMPANY.—We understand that a new Military Company is being organized in this city, to be composed principally of Young America—something similar to the National Cadets of Chicago.—We do not know what the name of the Company is to be. The roll already numbers 60 young men. A meeting of those interested is called for this evening at the Light Guard Armory.

Marine Intelligence.

TO MARINERS.—The reflecting light at the Fort Gratiot Light House has been discontinued, and a 4th order lens (fixed) substituted. Lenses are to be put up this season at Thunder Bay, Presque Isle, Sheboygan, Detour and Bois Blanc light houses, instead of the old reflector lights; and on Lake Superior at Eagle Harbor and Ontonagon.

The light on Manitou Island has been changed from a stationery to a revolving light without any public notice being given, and delay and uncertainty has been the consequence in several instances. The light was recently made by the Illinois—being the first time she had happened to pass in the night during the season—and seeing a revolving light, they were at a loss to know their position, and an important delay was the consequence. The Iron City, also, on her late trip, was much perplexed at seeing a strange light at the same point, as she had never before passed that point in the night since the change.—There is a revolving light at the Entry—also a revolving light at Manitou Island—and a flashing light at Copper Harbor, in place of the old stationary light.

The reflecting light at Eagle Harbor will be extinguished on the 15th inst. and its place supplied by a 6th order lens of the Fresnel system, until Sept. 1st prox., at which time and thereafter during the season of navigation, there will be exhibited a 4th order fixed light, of the Fresnel system, varied by white flashes at intervals of two and a half minutes.—*Detroit Trib.*

ROCHESTER, Aug. 5.

Mrs. Marshall, who has been for some time deranged, being left alone for some time with her children, deliberately attempted to murder three of them, by pouring hot water into their ears. One is a boy, seven years old, who, after the attempt was made upon his life, made almost superhuman efforts to escape, and was fortunately successful. He broke from his mother, forced open the door of the room where he was confined, and made good his escape. The youngest was an infant about three months old, which could make no defence. When taken up by its father it appeared to be dead, but it was discovered to exhibit some signs of life. Recovery is hopeless. Did not hear the age or sex of the other child, but understood there were three whose lives were attempted by the mother. Mrs. Marshall went to a chamber and hung herself. When found she was dead.

BOSTON, Aug. 5.

A disastrous gale, on the 22d of July, caused great loss of life among the fishermen on the North shore of the Parnult, N. B. It is calculated that two hundred boats were out fishing, and many more disasters, it is feared, have occurred.

NEW YORK, Aug. 5.

In the Cunningham case to-day, District Attorney Hall stated that he had directed medical examination of Mrs. C. by Dr. Barker, Professor of Obstetrics in the N. Y. Medical College. MEDICAL.

THE GREATEST
MEDICAL
DISCOVERY
OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

The worst Scrofula down to a common Pimple.
He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore mouth.
One to three bottles will cure the worst kind of pimples on the face.
Two or three bottles will clear the system of biles.
Two bottles are warranted to cure the worst canker in the mouth or stomach.
Three to five bottles are warranted to cure the worst kind of Erysipelas.
One to two bottles are warranted to cure all humor in the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruptions of the skin.
Two or three bottles are warranted to cure the worst kind of kind of ringworm.
Two or three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure salt-rheum.
Five to eight bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.
DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise.
In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother
NURSING SORE MOUTH,
is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.
In the more advanced stages of
CANKER
it extends to the stomach, causing
DYSPEPSIA,
which is nothing but canker on the stomach; then to the intestines and
KIDNEYS,
creating a sinking, gone feeling, and an indifference even to the cares of your family.
Your stomach is
RAW AND INFLAMED,
your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to
CURE;
Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the
PILES.
How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the
MEDICAL DISCOVERY
you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,
DONALD KENNEDY.

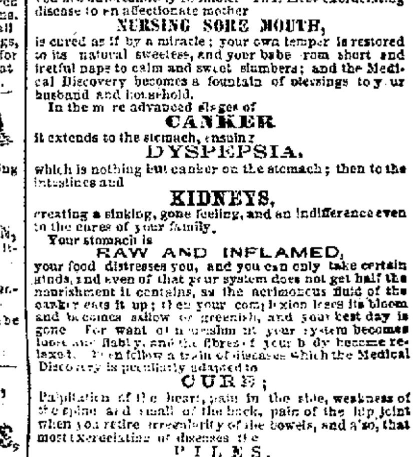
BOERHAVE'S
HOLLAND BITTERS



THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,
Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.
This is a purely vegetable compound, prepared on their strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.
It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.
NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.
CAUTION!
The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

CONGRESS WATER.
TO SOUTHERNERS:
DRINKERS OF CONGRESS WATER.
AN inferior article of Mineral Water is advertised and sold under the name of Saratoga Water, the word "Saratoga" being used by counterfeiters in cases where they dare not risk selling their fictitious article as "Congress Water." The success of the cheat arises from Congress Water having been so often called Saratoga Water, that many people suppose that its true and only name. Taking advantage of this, the spurious article is so put up, with names, marks, and bottles, as to resemble as near as they dare, Congress Water, and mostly sold as an imitation of it to those acquainted with the distinguishing marks and brand, peculiar favor and qualities of the genuine Congress Water. There are a multitude of Springs at Saratoga, the water from any of which might be sold "Saratoga Water," by persons whose scruples of conscience extend only to cases where they are liable to pecuniary punishment, and yet the article so imposed on the public be worthless or injurious. If you want genuine Congress Water buy it of respectable dealers only, and in all cases observe that the Brand on the Cork is ☞ CONGRESS C. & W. WATER, ☜ for without those words and letters, it is a swindling counterfeit. CLARKE & WHITE,
